VOL. XXII.

FRANKFORT, KY., SATURDAY, APRIL 15, 1899.

NO. 36

Capt. Noel Gaines, U. S. V., of General Ludlow's Staff.

To its galaxy of worthy and famous Cubans and Americans the Daily Advertiser, with this number presents its readers with the likeness of Captain Noel Gaines, a distinguished Kentuckian now in Havana, occupying a most responsible position with the United States Army of Occupation, as Provost-Marshal upon the staff of Major-General Win. Ludlow, Military Governor Commanding the Department of Havana; who has just been recommended to the President for promotion to the rank of Major.

Captain Gaines, in addition to his exclusively military duties, has had charge of the Army rations appropriated for the relief of Havana's poor—which supplies have done so much to alleviate local suffering and saved hundreds of lives; in which work he has given satisfaction alike to his superiors and the people dealt with, and won new laurels. Up to this time he has fed upwards of 20,000 of the destitute and issued over a million rations.

Captain Gaines comes of Kentucky's bluest and best blood, and whilst but 29 years of age, has seen 13 years of militia and military life.

Before entering the Federal Service, whilst commanding a detachment of the Kentucky National Guard, he did great service to his State in breaking the lawless gangs led by the famous Will Howard, the Turners, Eversoles and Frenches, putting an end to family feuds which had made the State notorious, and restoring public order in the "moonshine" districts.

At the outbreak of our war with Spain, he was ordered to Chickamauga with the Kentucky Volunteers, and in July appointed Provost Marshal upon General Grant's staff. Transferred shortly afterwards to Lexington he was given a similar post upon the Staff of General Sanger of the 1st Army Corps. The citizens of Lexington, appreciating the excellent work of Captain Gaines, in maintaining order in the camps and vicinity, presented him with a fine gold mounted sword.

Promoted to the Staff of General Breckinridge, Inspector-General of the Army, Gaines was again made Provost Marshal under him. And when the command of the First Army Corps devolved upon General James H. Wilson (now Military Governor of Matanzas), Gaines also became his Provost Marshal.

When the Corps was removed to Georgia, where General Ludlow took command, Capt. Gaines was again continued, and whilst encamped at Columbus he was the recipient of a token of the gratitude and esteem of citizens of the place in the form of a handsome medal.

In the latter part of December, when Gen. Ludlow was ordered here and appointed Governor of Havana, he immediately requested the Secretary of War to appoint Gaines on his staff. General Alger did so, and on Gaines' arrival at Havana, he was appointed Provost Marshal of the city.

Modest, courteous and obliging, Captain Gaines has made a host of friends in Cuba, who would rejoice to learn of his further advancement and that he had been appointed a Major of Volunteers in the New Army, for which promotion he has been strongly recommended to the President and War Department.—(Havana Daily Advertiser, March 27.)

Bad News From Samoa.

Owing to the persistent and pestiferous action of the German Consul, one Rose, at Samoa, a clash has taken place between the American and British naval forces and the deposed Chief Matafao.

Following this up a reconnoitering force from the American and British ships was ambushed and two Lieutenants, an ensign and four sailors were assassinated. They were about equally divided between the British and American forces.

DON'T DESPAIR!

An American Scientist's Great Work.

Consumption, Pneumonia, La Grippe, Asthma, Catarrh, Bronchitis and All Lung and Bronchial Troubles Can be Positively and Permanently Cured.

Dr. Stocum's System of Treatment Has Revolutionized Old-Time Theories.

A Free Course of Treatment for All Sufferers for the Mere Asking.

SCENE IN THE STOCUM LABORATORIES, NEW YORK CITY. The Doctor Demonstrating to Medical Men, Scientists, Statesmen and Students the Value of the New Stocum System of Treatment for the Permanent Cure of Lung Consumption, Catarrh and All Pulmonary and Wasting Diseases.

Do you cough?
Do your lungs pain you?
Is your throat sore and inflamed?
Do you spit up phlegm?
Does your head ache?
Is your appetite bad?
Are your lungs delicate?
Are you losing flesh?
Are you pale and thin?
Do you lack stamina?

These symptoms are proof that you have in your body the seeds of the most dangerous malady that has ever devastated the human race.

Consumption, the bane of those who have been brought up in the old-fashioned beliefs that this disease was hereditary, that it was fatal, that none could recover who were once firmly clasped in its relentless grip.

But now known to be curable, made so by the world-stirring discoveries of that man whose name has been given to this new system of treatment.

Now known to be preventable and curable by following and practicing his hygienic teachings.

The new system of treatment will cure you of consumption and of all diseases which can be traced back to weak lungs as a foundation.

It is not a drug system, but a system of germ destruction and body building.

Not guesswork, but science.
Not a step backward, but a stride out of the old rut.
Made possible only by Pasteur's, Virchow's, Metchnikoff's and Stocum's latest discoveries in bacteriology, hygiene and therapeutics.

In plain English, a system of modern scientific disease curing.

The System consists of Four Preparations which act simultaneously and supplement each other's curative action.

You are invited to test what this system will do for you, if you are sick, by writing for a free treatment to the Stocum Laboratories, New York City.

WRITE TO THE DOCTOR.

Send your name and full express and postoffice address to the Stocum Laboratories, 68 Pine street, New York, and mention this paper, and the Four Free Preparations of medicine will be forwarded you.

The system is a positive cure for consumption, that most insidious disease, and for all lung troubles and disorders complicated by loss of flesh, Coughs, Catarrh, Asthma, Bronchitis, etc.

Thin, pale, weak people become fat and hearty by its use.

The test is to try it.

A Surprise.

I long, and yet I fear to speak.
O would that I could bolder be.
For then a secret I would break
Of dearest love—but not to thee.
Yet fairer than the blush of morn.
Or evening, when the shadows lit,
Art thou, sweet maid—well I guess
"NIT!"
And yet I'll think of thee each day.
In solitude, amidst haunts of men.
When all things else have passed
away
I'll think of thee—but not "TILL"
then.

Not so Smart as They Thought.

The Philippines thought, because
Gen. Lawton had gone out and captured
Santa Cruz, that they could
break our line of communication,
and accordingly made an assault on
the railroad leading to Malolos.

What Gen. McArthur did to them
was enough to satisfy them that they
can not catch Uncle Sam's boys napping.
They almost annihilated the
attacking force.

They will know better next time.

That Cough Hangs On

You have used all
sorts of cough reme-
dies but it does not
yield; it is too deep
seated. It may wear
itself out in time, but
it is more liable to
produce la grippe,
pneumonia or a seri-
ous throat affection.
You need something
that will give you
strength and build
up the body.

SCOTT'S EMULSION

will do this when everything
else fails. There is no doubt
about it. It nourishes,
strengthens, builds up and
makes the body strong and
healthy, not only to throw
off this hard cough, but to
fortify the system against
further attacks. If you are
run down or emaciated you
should certainly take this
nourishing food medicine.

STATE C. E. CONVENTION

Will Be Held at Madisonville, Ky.,
May 19 to 21, 1899.

The citizens of that hospitable city
are making great preparations for
the entertainment of the Ninth State
C. E. Convention.

They are enthusiastic.
This convention will be the best
the State has ever had. The program
is the most complete ever furnished.
Such men as William T. Ellis, Phila-
delphia, Pa.; Jas. Lewis Howe, Lex-
ington, Va.; Z. T. Sweeney, formerly
of Richmond, Va., and William
Shaw, Boston, Mass., as well as some
of the most finished speakers of our
own State, have been secured for ad-
dress.

E. O. Excell will conduct the
music.

Madisonville extends a cordial in-
vitation, entertainment free. Every
member of the young people's so-
cieties of the State should attend this
convention; it will be a spiritual
feast.

If you have piles CURE them. No
use undergoing horrible operations
that simply remove the results of the
disease without disturbing the dis-
ease itself. Place your confidence in
DeWitt's Witch Hazel Salve. It has
never failed to cure others; it will
not fail to cure you. Tyler & Hemphill
and Wm. McKee Hardie.

Dastardly Outrage.

Another dastardly outrage has just
come to light. It appears that, on
April 5, near Elmville, this county,
one Morton Spicer, a farmer aged
about 23 years, outraged the young
wife of Mr. Richard Hosler, and fled
the country. Mrs. Hosler attempted
to hide her shame, but was taken
very ill and Dr. Gwinn was called,
who soon found the cause, and at
once issued a warrant for Spicer.
The warrant was placed in the
hands of Sheriff Suter, who left Tues-
day afternoon with a posse, in search
of the man.

This outrage has aroused a storm
of excitement in the immediate
neighborhood, and it would go hard
with the fiend if he should be found
out there.

Mrs. Hosler is a modest, popular
and upright lady.

Young Spicer had borne a good
name until this occurrence.

Sea Sick.

The return journey of the Third
Kentucky Volunteers was a very
uncomfortable one from the fact that
the gulf was very rough. A greater
part of the command were dreadfully
sick.

By a dispatch from Surgeon Cap-
tain N. M. Garrett, received by his
mother on Wednesday, we learn that
the boys are all right now, however,
and happy at being back in the "land

brave."

Mustering a New Company.

Mr. George G. Bryan, well known in
this city, was elected Captain.

Ex-Justice Field Dead.

Ex-Justice Stephen J. Field, of the
U. S. Supreme Court, died at his
home in Washington City, on Sun-
day last, aged 83 years.

Judge Field served longer on the
Supreme Bench than any other Jus-
tice—34 years. Chief Justice Mar-
shall was the next in point of service.
Judge Field retired in December,
1897. His ambition was to serve
longer than any other Judge, and he
held to this long after he was entitled
to retire under the law.

He was an able and laborious
Judge.

ruptcy with U. S. Clerk Chapman, in

Pleurisy

Pleurisy and pneumonia are fre-
quently developed, in a very short
space of time, from a common cold;
and, if such an acute inflammation of
the lungs is not promptly allayed,
the worst may happen. With the aid
of Dr. Bull's Cough Syrup, however,
you need not have any fear; for this
great remedy speedily subdues the
inflammation, eases the pain in
breathing and always effects a cure

The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class matter.

G. O. A. LEWIS, Editor and Pub.

FRANKFORT, APRIL 15, 1899.

Disgraceful.

The sensational bribery expose in the Railroad Commissioner's Convention, held in this city last week, was one of the most shameful and disgraceful affairs of the kind ever developed in Kentucky politics.

It has been charged that bribery had been practiced at former conventions, but the people, to a large extent, believed that the charges were the result of the bitterness engendered by defeat; and did not give credence to those charges.

But, in this case, the evidence of the attempt to bribe was presented while the convention was in the unsettled stage of organization, and, if successful, would have changed the complexion of the result.

It may be proper, however, to say that the other side assert that the whole thing was a concocted job to affect the result, and that it served its purpose and that is all there is in it.

They also say that if the thing was not a job, why did not the man, who was being bribed, accept the check first offered, for he would, then have had irrefutable evidence of the fact, and the names of the parties, without any chance for the guilty ones to assert that the whole thing was a political scheme.

As it now stands there is simply the word of one man against the other and nothing to back either beyond their statement.

It was freely talked of, from the start, that the "stuff" was very much in evidence all along the line, on both sides, each being ready for "business." One being as deep in the mud as the other in the mire.

The whole thing has a curious look to a disinterested outsider.

Decent people are only the more thoroughly disgusted with these manifestations of machine politics.

The Director General.

A party who runs a semi-occasional sheet in Louisville has jumped upon the Board of Commissioners of the Institution for the Education and Training of Feeble-minded Children because they have not provided fire escapes for the new building erected in this city. He seems to be wise in many things, but does not know it all by a long shot. If he knew as much as he should have done, before letting go his little pop-gun, he would know that the Commissioners have no authority to create, adopt or contract for anything that they have not the money to pay for.

Another thing, the Commissioners had made the very best arrangements possible for the Institution as regards the safety of the inmates from fire, by means of large and broad stairways at each end of the corridors and halls, with automatic fire proof doors, so arranged as to cut off danger of fire from one section of the building to another. The building is only three stories high, and with these large stairways, would offer much better facilities for escape from fires than the fire escapes generally in use.

When the building was finished the funds of the Institution were exhausted, and, although the agent of the fire escape manufacturers came here and urged the putting up of the escapes, the Commissioners, not having any authority to create a debt, were forced to decline to purchase.

It may be proper to say, also, that the Legislature alone can make an appropriation to erect any buildings at the State's expense.

The fund expended in the erection of the new building was derived from insurance upon the old one that was burned, and did not cost the State a single cent.

Another idiotic suggestion is that the fire escapes on some other public building should be taken down and put up at that institution. Where is the authority to do this? What officer has the authority to order it done?

If this wise-acre would only inform himself, he would (or could, if

he has common sense enough to know anything) find out that each of the charitable institutions of the State is under the management of a separate Board of Commissioners.

If the Board in charge of the Feeble-minded Institute were, for instance, to order a fire-escape taken down from any other building owned by the State and put upon their building, this same kicker would be the first man to raise a howl about it, and to condemn the Board for assuming such authority that they had no right to exercise.

Some people assume the roll of the fellow who "rushes in where angels fear to tread."

He Fooled the Surgeons.

All doctors told Benick Hamilton, of West Jefferson, Ga., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Sore Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by J. W. Gayle, Druggist.

Changes in Personnel of Army.

An order issued by the War Department on Wednesday musters out the following general officers:

Major Generals—James H. Wilson, Fitzhugh Lee, Joshua Wheeler, Joseph P. Bates, Adna R. Chaffee, Samuel B. M. Young, William Ludlow, Leonard Wood.

Brigadier Generals—George W. Davis, Theodore Schwan, Lloyd Wheaton, Charles King, Frederick D. Grant, Robert P. Hughes, Samuel Ovenshine, Robert H. Hall, Irving Hise.

The above-named officers are mustered out to enable them to accept commissions as general officers of volunteers under the act of March 21, 1899. It is expected they will soon be reappointed as Brigadier Generals under that act.

The following officers are mustered out, and will resume their former commands in the regular army:

Major Generals—James F. Wade, Thomas M. Anderson, Guy V. Henry.

Brigadier Generals—Royal T. Frank, Edward B. Williston, Louis H. Carpenter, Zeph H. Sanger, John C. Gilmore, Henry C. Hasbrouck, Oswald H. Ernst, Chas. F. Humphrey, Harrison G. Otis.

Gen. Fred D. Grant has been ordered from Porto Rico to the Philippines. It is possible Gen. Wheeler will also be ordered to the Philippines.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Browder of scurvy, which had caused her great suffering for years. Terrible sores would break out on head and face, and the best doctors would give up, but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. W. Gayle, Druggist. Guaranteed.

Shot at Illm.

A burglar attempted to enter the residence of — Simpson, on Crutcher street, West Side, on Sunday night. Simpson heard the fellow attempting to raise the window, and, securing a shotgun and revolver, cracked away seven times at the fleeing thief, but whether with any effect is not known. Simpson must have been a bad marksman.

Don't Forget.

That the ladies of Ascension Church Guild will give their usual post lenten supper on Wednesday evening next, April 12, in the store room of Mayor Dehoney, on Main street, next door to Mrs. Kate Welch's. Every thing that is nice to eat will be served. A reasonable charge will be made. Every body invited to attend. Hours from 6 to 10 p. m.

Some Statistics.

The Bapt-4 Year Book, which has just been issued from the press, states that there are 4,141, 995 members of that denomination in the United States, which is a gain of 86,189 during the year just closed. A pretty healthy growth.

Settle, of Kentucky; and Hon. Chas. Emory Smith, Postmaster General. It was an elegant affair and the speeches were eloquent, pathetic and patriotic.

Attention Music Lovers.

On next Friday evening, 21st inst., an event of unusual interest will take place at the Capital Hotel ball room, of this city. Zudie Harris, the noted pianist, of Louisville, one of the May Festival performers, assisted by the charming vocalist, Ethel Crippen-Smith, of the same city, will render a program of choice music especially selected to please the music loving people of our city. We can confidently promise an enjoyable evening to all who attend, as the high reputation of these artists in Louisville is a guarantee of their ability. Admission 50 cents.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recover, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. W. Gayle's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

Thanks.

We are under obligations to Mr. W. M. Weaver, of the U. S. Flag Ship Olympia, of Admiral Dewey's fleet, for a copy of the "Bounding Billow," a spunky little paper, which is printed on board that vessel at Manila.

DYSPEPSIA CURED! AMERICAN DYSPEPSIA TABLETS.

A Safe, Sure and Permanent Cure for Dyspepsia, Indigestion, Catarrh of the Stomach, Flatulency, Palpitation, Fermentation, Heart Burn and Constipation.

Read the following reasons for using American Dyspepsia Tablets.

All other remedies claiming to cure indigestion and dyspepsia contain PEPsin in one of its forms, and as long as PEPsin is applied to a weak, or even healthy stomach in the shape of medicine, nature will cease to make it, and the DYSPEPSIC will not be able to do without his "Dose," and of course never be cured of his trouble. A stomach that will promptly digest food must make its own PEPsin and not rely upon medicine for this most important agent.

American Dyspepsia Tablets contain no PEPsin nor other PEPTIC agents, but are composed of four old and well-known vegetable remedies which, in combination, will soon effect a cure by restoring the stomach to its normal condition.

We furnish no book on the "STOMACH and its DISEASES," no ALMANAC, no prize for the LARGEST number of wrappers, but will send a trial box to any address free of cost.

AMERICAN DYSPEPSIA TABLETS are put up in 60c. packages, and are to be had at J. W. Gayle's and W. B. Averill's, or by addressing

Disbanded.

The Kentucky Tobacco Growers League, which was organized last December, and from which so much was expected, has disbanded, owing to the fact that but little interest was manifested by the bulk of the farmers of this section.

The officers tired of putting up all the money necessary to run the League, and it was determined to quit on Wednesday last.

The King of Reference Works

THE NEW WERNER EDITION OF

THE ENCYCLOPEDIA BRITANNICA

The Pilot

knows just how to steer a vessel to
bring it safely through the shoals
and out into the open. Just so the
Encyclopaedia Britannica is the one
absolutely reliable guide for the
voyage of life. One cannot go
wrong if its teachings are followed.
It tells the mistakes men have made;
how others have succeeded and why.
An intelligent man gets good from
the experiences of others and steers
clear of the rocks they ran against.

The very presence of the Encyclo-
paedia Britannica in a house gives the place an intellectual tone.
A library of thousands of volumes does not offer such an oppor-
tunity for successful home study and development as this master-
piece of literature. There is no more instructive reading on earth
than that contained in its 30 volumes. To a life whose current
runs toward the future, this great work is indispensable. Just
now you can secure the

Encyclopaedia Britannica For One Dollar Cash

paying the balance in small monthly payments. Remember, too,
that the entire Thirty Volumes with a Guide and an elegant Oak
Book Case, will be delivered when the first payment is made.
